SENATOR CONKLING.

WASHINGTON, Nov. 3.—Senator Conkling left for New York this morning, to remain until after the election. He will make several speeches before the campaign closes.

THE LATE SENATOR MORTON.

The Indiana Republican Congressional delegation and a large number of other prominent citizens of that State in this city met last evening to take suitable action in respect to the memory of the late Senator Morton.

General Thomas M. Browne, from the Fifth Indiana Congressional District, presided and Mr. G. E. Bullock acted as Secretary. Speeches were made by Hon. D. P. Holloway, Ex-Commissioner of Patents; Hon. Thomas M. Browne, Hon. John H. Baker, Hon. Milton S. Robinson, Judge Advocate General McKee, Mr. Dunn, and others, and appropriate resolutions were adopted. It was resolved to have a copy of the resolutions handsomely engraved and transmitted to the family of the deceased. The Senate and House committees appointed to attend the obsequies left this morning.

VINDICATING MR. WELSH.

The published statement that Mr. John Welsh or any firm with which he has ever been connected, had been prosecuted on account of irregularities practiced on importing colored sugars, &c., is not sustained by the records at the Treasury Department. Treasury officials claim that had such a transaction occurred it would be a matter of record in the Department. The files have been thoroughly searched without finding any trace of it. Consequently the statement must be accepted as a malicious attempt, on the part of irresponsible parties, to blacken the character of one of the first gentlemen in Pennsylvania, and in consequence of the President having nominated him to the high position of American Representative to the Court of St. James. It is believed that the Senators fully appreciate the fact that a speedy confirmation of Mr. Welsh's nomination will reflect with credit on themselves.

THE AMOUNT OF SILVER

Lincoln, Mr. Honore and others representing the property holders, will have a hearing at the Treasury Department relative to the changing of the main entrance of the Chicago Custom-house from Dearborn to Clark street. Senators Oglesby and Davis, together with the Representatives from the Chicago District who favor the change, will also have a hearing, when it is expected that the final decision will be made.

THE OLD WORLD.

France.

GEN. GRANT AT THE FRENCH CAPITAL.

National Associated Press to the Star.

PARIS, Nov. 3.—General Grant is still the lion of France, and is the recipient of all manner of courtesies from the French people and Americans in France. Yesterday he drove out to see the cemeteries, and spent some time in examining them. He was greatly struck with the exquisite taste displayed in decorating the graves, and this being the "Jour des Morts," had an opportunity of seeing the Parisians in one of their best moods. On that day business and politics are forgotten, and thousands of citizens, clad in holiday attire, through the cemeteries to strew flowers on the graves of departed relatives and friends. The heart of many a rabid foe of "Clericalism" too, is softened on that day, and heartfelt prayers are offered for the souls of the "faithful" dead ones.

RE-TALKS OF SENATOR MORTON.

The General expressed deep feeling at the sad news of Senator Morton's death. He said that Morton was one of the worthiest and most illustrious Americans of recent times, and spoke in terms of the highest praise of the energy, activity and ability he displayed during the country's trials. But for Mr. Morton's ill health, he said he would have appointed him Chief Justice after Mr. Conkling had declined the appointment.

A GREAT SENSATION

has been produced in conservative circles here by the announcement that the De Broglie Ministry has at last resigned. The air has been thick with all kinds of vague rumors for some days past, and the public mind has been strained to a high degree. It is believed in well-informed circles that the resignation is only intended to take effect on Tuesday, the day preceding the meeting of the Chamber. All is now confusion and uncertainty. The Conservatives are literally at sea, and no one knows what may happen next.

SENATOR MORTON.

Expressions of Sorrow and Preparations for the Obsequies.

The Grand Master and the Grand Patriarch of the I. O. O. F. of Indiana have issued circulars calling upon the various Encampments and Lodges in the State to take action on the death of their late brother, Senator Morton.

At a meeting of the German Veteran Association here this evening, a resolution was passed inviting all ex-soldiers of the State of Indiana to meet them at their headquarters, at the Mozart Hall, in this city, on Monday next, to pay their last tribute of respect to the great War Governor.

The City Council met in special session this afternoon, passing appropriate resolutions and deciding to attend the funeral in a body, and ordering the money necessary for expenses.

WASHINGTON, Nov. 3.—At the Cabinet meeting yesterday the death of Senator Morton was the subject of regretful comment, and during the conversation on this subject, his great service to the Nation was fully recognized by all present. The President at a late hour last evening issued the following proclamation:

"EXECUTIVE MANSION.

"WASHINGTON, D. C., Nov. 3, 1877.

"I lament the sad occasion, which I respect for the eminent citizen and distinguished Statesman, whose death yesterday, at his home in Indianapolis, has been made known to the people by telegraph announcement.

The services of Oliver P. Morton to the Nation in the difficult and responsible administration of the affairs of the State of Indiana as its Governor at a critical juncture of the Civil War, can never be overvalued by his countrymen. His long service in the Senate has shown his great power as a legislator and as a leader and chief counselor of the political party charged with the conduct of government during that period. In all things and at all times he has been able, strenuous and faithful in the public service, and his fame with his countrymen rests upon a secure foundation. The several Executive Departments will be closed on the day of his funeral, and appropriate honors should be paid to the memory of the deceased statesman by the whole Nation.

"[Signed] R. B. HAYES."

RICHMOND, IND., Nov. 3.—A citizens' meeting will be held to-day to take action on the death of Senator Morton. Resolutions will be passed and the Mayor requested to issue a proclamation ordering the suspension of business at the hour appointed for Morton's funeral on Monday. Flags will be run to half-mast, bells to be rung, and there will be a general observance of a day of mourning. The Wayne County Bar will attend the funeral in a body, and excursion trains will be run to Indianapolis on Sunday, to enable citizens to view the remains. Similar action has been taken in neighboring towns and cities, and a general sorrow prevails.
